

In ICT the children will learn;

- About some of the applications of ICT in everyday life
- About some of the ways in which the use of ICT affects people's lives
- To be able to use programs, apps and computer networks to find, organise and classify information
- To be able to use programs or apps to present information
- To be able to enter, save, retrieve and revise information
- To be able to work with a range of simple tools such as text, tables, images, sounds and graphs
- To be able to plan and give instructions to make things happen using a floor robot, program or app
- To be able to describe what they have done
- To be able to use simulations to explore what happens in real and imaginary situations
- To understand the importance of using ICT safely and respectfully and how to report any concerns

In Music the children will learn to:

- Explore dynamics, pitch and timbre
- Use their voices expressively and creatively by singing songs, chants and rhymes
- Play tuned and un-tuned instruments musically
- Listen with concentration and understanding to a range of high-quality live and recorded music

In PE the children will learn to:

- Master basic movements including running, jumping, throwing and catching using a range of equipment
- Perform dances using repetitive sequences and patterns
- Participate in team games, developing simple tactics for attacking and defending

Year 1 - Say Cheese Autumn 2

In Art the children will learn to:

- Find out about the work of Jackson Pollack
- Mix colours and use these to create art works
- Mix a range of secondary and tertiary colours
- Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space

In RE the children will learn to:

- Understand why people celebrate special times
- Re-tell bible stories and understand the importance and significance of these stories to Christians
- Understand the season of advent
- Talk about our own special times and how they make us feel

In Maths the children will learn how to:

- Solve addition and subtraction problems
- Recognise, name and describe 2D and 3D shapes
- Identify one more and one less
- Recognise and know the value of different coins and notes
- Recognise number bonds to 10 and 20 and the related subtraction facts
- Describe position, direction and movement

In English the children will learn to:

- Name the letters of the alphabet
- Spell words containing each of the 40+ phonemes already taught
- Punctuate sentences using a capital letter and full stop, question mark or exclamation mark
- Recognise features of traditional tales and write our own endings to familiar stories
- Continue to develop the use of and to link sentences
- Form digits 0-9
- Form lower case and upper case letters correctly
- Read words with contractions
- Write our own instructions
